

## PRESS RELEASE

### Solaris invites to upcoming industry trade shows

Bolechowo, 05.09.2024

**Solaris will participate in the most important industry events across Europe during the 2024 trade show season. Visitors are warmly invited to visit the company's booth at these upcoming exhibitions.**

Solaris is pleased to announce its presence at several key trade shows and industry events in the coming weeks and months. These events provide an excellent opportunity for direct meetings with Solaris team, exchanging experiences, and discussing the dynamic changes and challenges facing the public transportation sector.

This year, Solaris will be present at the following events:

- **EUMO (European Mobility Expo)**  
Strasbourg, October 1-3, 2024
- **International Fair of Public Transport TRANSEXPO**  
Kielce, October 16-18, 2024
- **FIAA (International Fair of Bus and Coach)**  
Madrid, October 22-25, 2024

We cordially invite you to visit our booth at the trade shows. We look forward to seeing you soon.

#### About our company

Solaris Bus & Coach sp. z o.o. is one of the leading producers of city and intercity buses in Europe. It focuses in particular on the development of zero-emission vehicles, i. e. electric and hydrogen buses as well as trolleybuses. This has resulted in the widest zero-emission product range in the European market and a leading position in this segment with a market share of 15.2%. Nearly 25,000 Solaris vehicles have been delivered so far and they ply the streets in 850 towns and cities across 33 countries located throughout Europe as well as beyond it. Solaris is part of the Spanish CAF Group (Construcciones y Auxiliar de Ferrocarriles) S.A. From conception, to the design and manufacturing phases, all Solaris buses are produced in Poland. Moreover, all activities undertaken by the manufacturer are in line with the brand's mission, which is reflected in the motto "We are changing the image of public transport". Solaris also actively partners with public transport operators and provides them with comprehensive support in their transition to zero-emission

mobility.
