

## RATP will test Solaris Urbino 12 hydrogen bus!

Contract signing at UITP Global Public Transport Summit in Stockholm 10th of June 2019

During the UITP Global Public Transport Summit, representatives of Solaris and Régie Autonome des Transports Parisiens (RATP) will sign a contract for lease and tests of the Urbino 12 hydrogen. The operator responsible for public transport in Paris for 10 weeks (first half of 2020) will test the Solaris hydrogen bus in regular passenger traffic. This is another RATP step in the preparations for transforming its fleet to completely zero emissions vehicles.

Please come at 13.00 on 10th of June at UITP Global Public Summit in Stockholm, to RATP stand for contract signing. After that common photo of RATP and Solaris CEO's will be taken at Solaris stand number A1100 in front of Solaris Urbino 12 hydrogen.
